

The image shows the front cover of a 1981 Capacian calendar. The cover is dark brown with a textured, leather-like border. In the center, there is a circular emblem with multiple concentric rings. Inside this circle, the year "1981" is printed in a large, elegant, serif font. Below the circle, the word "capacian" is printed in a smaller, lowercase, serif font. The background of the cover features a faint, dark illustration of a tree with bare branches and some leaves, set against a lighter, mottled brown background.

LIFE AT CHS IS GREAT

You think there's no chance for you in
 this world?
 Why the best books haven't been written,
 The best race hasn't been run,
 The best score hasn't been made yet,
 The best song hasn't been sung.
 No chance? Why, the world is just eager
 for things that you ought to create,
 It yearns for more power and beauty,
 More laughter and love and romance,
 More loyalty, labor, and duty.
 No chance-why, there's nothing but chance,
 For the best verse hasn't been rhymed yet,
 The highest peak hasn't been climbed yet,
 Don't worry and fret, faint-hearted,
 The chances have just begun.

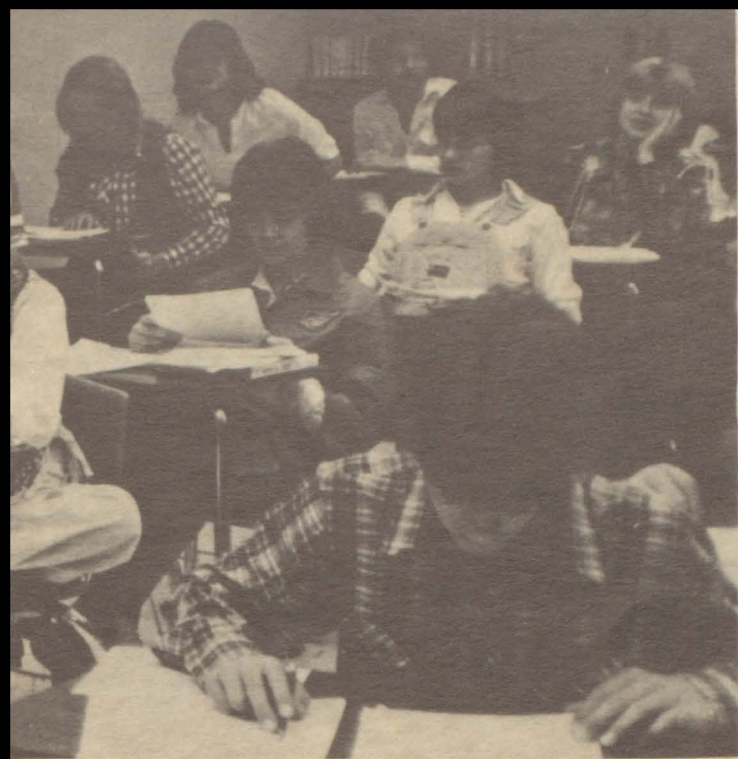

The future lies buried within the vitality and development of my mind and heart and both need the refinement of time and the acquiring of knowledge to nurture them. Everything learned I must amass and build upon to create the basis for today and the key for unlocking tomorrow.

SMILES BY THE MILES

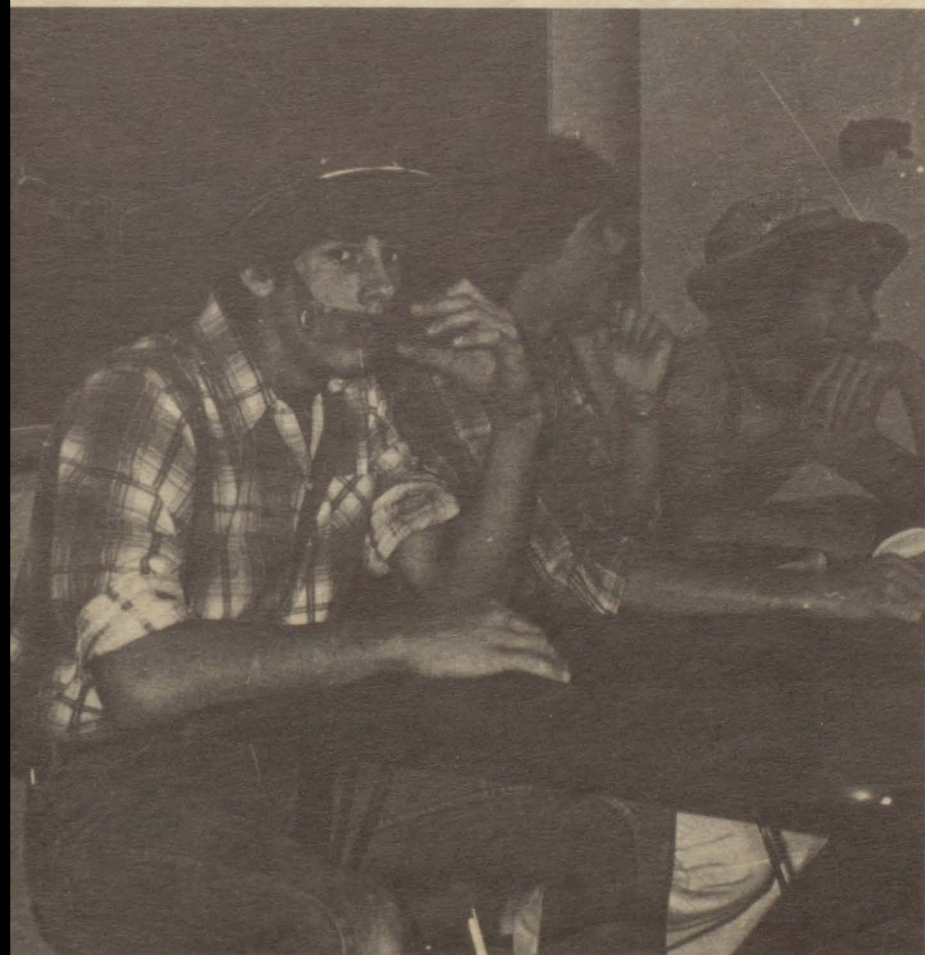

good times are remembered

In working together, the many I's become one and we form a community, possessing the potential to step forward with our aspirations and lessons from the past in tow. So do we also, however, have the power to frustrate those steps and linger in a past of insensitive dreams. We have the choice of seeking out the future and its fate lies totally within our ability to advance both as individuals and together.

A footprint in the sand, a smudge on the wall, a numbered piece of paper--I exist. And yet, not from a number nor an insignia do I live, but rather from a compulsion which hurls me forward with a power no confining badge could ever arrest. What I am today is inspired by the past, and I am today what tomorrow can be. For and from that I proceed, looking back only to learn, looking forward only to grow.

I AM NOT AFRAID OF TOMORROW
FOR I HAVE SEEN YESTERDAY
AND I LOVE TODAY
